### EDUCATION

2021 - 2022

#### CYBER4S PROGRAM

Cyber4s program by Scale-Up Velocity - an elite Full Stack development program that is intended for ex-combat soldiers. an intense, 6 months bootcamp that covers modern full stack development tools - Engaged in all development life cycle stages, design (OOP), implementation and testing. Created a GitHub portfolio demonstrating my skills, individually and in a team, under tight schedule.

The Cyber4s program was mentored by industry experienced seniors.

#### AMI ASAF - HIGH SCHOOL

2013 - 2016

With a focus on mathematics, English and computer science(C# language)

### MILITARY SERVICE

2017 - 2020

#### ARTILERY CORP, IDF

Combat soldier 411th battalion. Service included preforming under pressure and teamwork. The lessons I learned throughout those years are invaluable, and I will carry them with me throughout my life..
